One beautiful morning in the man-village..

Mowgli convinces Ranjan to sneak out with him

In order to prank Shanti who is out to fetch some water

Shanti is happily humming her favourite tune getting water by the river in her vessel when suddenly..

Mowgli startles her!

Mowgli: "You shouldn't be wandering alone in the jungle. There's a tiger on the loose, he has big fangs and they say he loves eating children"

There is some rustling of leaves behind Shanti
Ranjan: **RAWWWWWWRRRR**"

gasp in horror

Splaaasshhh!

Mowgli and Ranjan laugh uncontrollably!

Shanti stares at both of them angrily

Shanti scolds Mowgli and hurriedly carries the latter away

She asks Ranjan to not follow Mowgli as he is a bad influence over him

Mowgli tries to apologise to Shanti, he explains to her how the jungle is a fun place to be!

In no time, the other village children gather around to hear as Mowgli narrates stories of how beautiful and fun the jungle is

Singing and dancing, they start following Mowgli into the jungle!

The Sarpanch sees them just in time and orders them inside the gate angrily

He reprimands Mowgli for his careless behaviour and punishes him for risking lives of other children in the village

Meanwhile back in the jungle, Baloo misses his best friend. Nothing seems the same without Mowgli. He decides to sneak Mowgli into the jungle that night!

Baloo tells his plan of picking up Mowgli to Bagheera, who is completely against it

Little do they know, that Shere Khan overhears the entire plan... He plots to get to Mowgli before Baloo does.

As planned, Baloo sneaks into the man village to meet Mowgli after everyone goes to sleep

Shanti sees them together and thinks that Baloo is trying to kidnap Mowgli!

She shrieks and shouts loudly, "There is a wild animal in the village, HELPPP!"

A villager hears her cries and rushes out of the door, and he sees Shere Khan quietly crouching near a tree. Assuming that Shere Khan is the wild animal Shanti is referring to, he runs after him with a flaming torch!

Soon, the other villagers join him and go after the evil tiger with torches!

Meanwhile, Shanti, still thinking Baloo kidnapped Mowgli starts looking for him alone and sees them head towards the jungle

Though initially hesitant, Shanti runs deeper into the wilderness for Mowgli's sake!

'Kaa', the ravenous python sees her trotting through the jungle and decides to prey on her

He reveals himself to her and immediately hypnotizes her!

Kaa manages to frighten the little girl and puts her in a trance as he slowly coils himself around her to squeeze the life off her"

Kaa makes her stand on a boulder as he prepares to strike. But just as he is about to consume her...

Shanti is saved by none other than....Ranjan! He secretly followed as Shanti ran towards the jungle alone

The cunning snake instead gobbles up a huge rock and gets beat up by Ranjan
Ranjan: "How dare you attack my sister, you ugly snake! *Whack whack!*"
Shanti hits the ground and instantly snaps out of her trance

Shanti thanks Ranjan for saving her life and they both set out to find Mowgli together!

Shere Khan, who escaped the village unharmed coerces the snake to give up Shanti, Ranjan and Mowgli's locations!
Shere Khan: "I will kill them and have my revenge for what they did to me!"

Bagheera finds out that Baloo went ahead with his plan and brought Mowgli into the jungle despite all his warnings.
Bagheera: "You foolish bear! This is exactly what Shere Khan wanted, you have put his life into grave danger by bringing him here!"

Shanti still looking for Mowgli finds the mango peeled exactly identical to a trick she had taught him, she immediately deduces that he is close!

She frantically searches the surrounding areas

and lo! Mowgli surprises her hanging inverted by a branch of a tree, overjoyed to see her!

Meanwhile, Baloo, instructed by Mowgli to scare off Shanti before (when he was angry with her for telling the Sarpanch on him) unknowingly scares Ranjan and her!

Shanti and Ranjan are absolutely terrified by Baloo!
Mowgli intervenes and chastises Baloo for scaring his friends

Baloo, confused recalls being asked by Mowgli to do so, much to Shanti's and Ranjan's surprise!
Mowgli: *regrettably tries to diffuse the situation* "Shanti, Ranjan, this is a misunderstanding, I am very happy to see you two! Please forgive me!"

Shanti, heartbroken, furiously walks away with Ranjan in her tow before Mowgli can explain himself

Mowgli: "Shanti! Wait!"
Sighs as he loses sight of her
He goes after Shanti and Ranjan to apologise

Not long after Shanti and Ranjan leave, they are confronted by none other than.. Shere Khan!!

Mowgli arrives just in time to find his friends standing in fear as Shere Khan approaches them

Mowgli asks them to run to safety as the tiger approaches

He then throws dust at his eyes, and runs

Shere Khan, hazed at first follows him

Mowgli asks Shanti and Rajan to stay hidden and continues to run

Shanti's concern for Mowgli overpowers her fear of the jungle as she asks Ranjan to stay in one place as she chases after Mowgli to help

At first Ranjan tries to follow her but soon encounters Baloo and warns him of what is happening

Bagheera looks after Ranjan while Baloo rushes to the temple in order to aid the children

Shanti follows as Shere Khan chases Mowgli to an ancient temple where they are forced to hide in the shadows

She runs into Baloo and they quickly recognize each other (Baloo recognizes Shanti as the girl who lured Mowgli into the village 2 years ago, and Shanti recognizes Baloo as the wild bear who carried off Mowgli into the jungle and scared her and Ranjan), and start arguing until they realize their mutual goal to help Mowgli

Baloo suggests they co-operate and they hide behind gongs and bang them to confuse Shere Khan, diverting his attention in order to save Mowgli

Unfortunately, Shanti's gong falls, showing herself to Shere Khan. He calls to Mowgli and threatens to kill Shanti unless he gives himself up

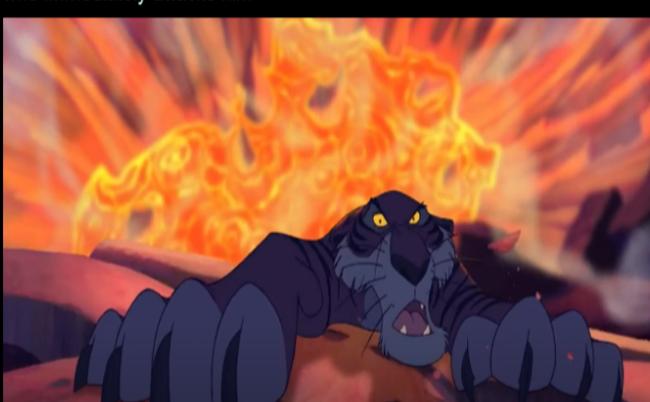

To ensure her safety, Mowgli reveals himself to the tiger, who immediately attacks him

Baloo tries to restrain Shere Khan as Shanti rushes to Mowgli and the two make a run for it

Shere Khan breaks free from Baloo and runs after the children, who leap upon a huge stone overlooking a lava lake

As they climb, Shere Khan goes after them

However, the stone head collapses and it falls with Mowgli, Shere Khan and Shanti

Luckily, Baloo catches the children..

Shere Khan falls off the ledge into the hot lava lake

Baloo, Bagheera and the children unite. A part of Mowgli wants to stay in the jungle. Shanti empathizes with Mowgli and asks him to decide for himself. Baloo encourages him to go to the man-village after he is convinced that Mowgli is in good hands

The children reunite with their families

Mowgli reconciles with his adoptive father and they all head back to the man-village

A few days later, Mowgli, Shanti and Ranjan go out to the river to get water...

..their main motive being to meet Baloo and Bagheera!

The trio meets them and they meander into the forest, happily singing and dancing

---THE END---
